---

## About Me

Motivated B.Tech CSE student passionate about **Web development and Machine Learning**, with experience in building practical projects and problem-solving applications.

---

## Education

**Sr. Secondary Education** : Govt. Sr. Sec School, Guhla Kaithal, Haryana(2023-24)

**Percentage**: 93.60%

**B.Tech CSE** : Central University of Punjab, Bathinda (2024–Present)

**First Year CGPA**: 8.39

---

## Skills

**Languages**: C, C++, Python, JavaScript

**Web**: HTML, CSS, JS, React.js

**Tools**: Streamlit, Git, GitHub, Figma, Autocad, MATLAB

**Specializations**: Data Science and Machine Learning

---

## Projects

**Student Performance Predictor** (*ML, Streamlit*)

ML model to predict student percentage based on academic features using regression.

GitHub: [github.com/Irfan-lab700/Student-Performance-Predictor](https://github.com/Irfan-lab700/Student-Performance-Predictor)

**Amazon Clone (Web UI)** (*HTML, CSS*)

Responsive e-commerce front-end UI with modern layout and navigation.

GitHub: [github.com/Irfan-lab700/Amazon-Clone-Project](https://github.com/Irfan-lab700/Amazon-Clone-Project)

**College Queries Chatbot** (*React.js*)

Rule-based chatbot for answering college-related queries using intent–response logic.
